Post Description

Nestled in the lush green forest just above San Lorenzo, this stunning bungalow-style family home offers a true sanctuary of peace and privacy. Surrounded by mature trees and an enchanting garden with ancient palm trees, this property is a hidden retreat in nature. Additionally, the house features a private water well and a permanent tourist license, making it an excellent investment opportunity. The main house features a spacious living area and a semi-open kitchen with a pantry. Large glass doors allow plenty of natural light to fill the interiors, creating a bright and inviting atmosphere. There are four generously sized bedrooms and two

and a half bathrooms, including a master suite with a private en-suite bathroom. The home is equipped with centralized air conditioning and a central heating system, ensuring year-round comfort.

An additional annex on the side of the property provides two extra bedrooms and a shared bathroom—perfect for accommodating guests or staff.

Set on a 7,000m² plot, this property guarantees complete privacy and offers endless possibilities. A large garage beneath the house can be transformed into a home gym, wellness center, or spacious storage area. Toward the back of the plot, there is a well-prepared but unfinished 50m² storage unit, already equipped with water and electricity, offering even more potential for customization.
