Post Description

Perched atop a private mountain in San Carlos, this extraordinary villa offers a secluded retreat surrounded by unspoiled nature. Designed for those who value privacy and luxury, this meticulously refurbished Blakstad masterpiece blends contemporary elegance with timeless

Ibizan charm. The villa boasts six spacious bedrooms, five of which are en-suite, each offering breathtaking panoramic views reminiscent of architectural magazine covers. Spanning a built area of 560 m² with 450 m² of interior space, the villa features grand six-meter-high windows, flooding the interiors with natural light and framing the spectacular sea views. The carefully curated design ensures a seamless flow between indoor and outdoor living, complemented by a 110 m² sun-drenched terrace—ideal for alfresco dining and relaxation. The south-facing orientation enhances sunlight exposure throughout the day, creating a warm and inviting ambiance.

Originally built in the 1990s, the villa underwent a stunning transformation in 2023, elevating it into a contemporary architectural masterpiece. Set on an expansive 15,000 m² plot, the property offers lush Mediterranean landscaping and the luxury of its own private water source. The estate is accessible via two separate entrances, ensuring both exclusivity and convenient connectivity to the rest of the island.
