M ² Property:	3500		

DESCRIPTION

Very charming authentic old farmhouse with an artistic feel and lots of possibilities. The stunning views are straight to the sea and Ibiza town. The beautiful South beaches of the island are only a short 5-minute drive away.

The house is semidetached, but the neighbor really cannot oversee this property at all.

The house itself is divided and there are two different parts with each its own entrance. In total there are 5 bedrooms, 4 bathrooms and 2 garages. At the moment there is no pool, but is possible to have a large prefab pool.

It is also possible to request an open water tank, which will be approved. This can also be 5x6 meters. We can help you with all of them.
